### **Attention all Bristol-Burlington Health District Licensed Foodservice Establishments.**

On 3/17/2020 the Bristol-Burlington Health District (BBHD) issued a message to all licensed food service establishments to close all dine in, sit down and bar areas. Allowing phone in orders for delivery, curbside pick up and drive thru to continue, but customers could not enter the establishment.

If this is working out at your facility, continue to do so as you are not required to allow any customers to enter your facility. If your facility does not have the ability to accept online or e-payments, BBHD will allow one (1) customer inside the facility at any one time to pay for or pick up their order. You must also comply with the following:

- Restrooms must remain closed to customers.
- All seating and tables must be inaccessible, covered, stacked or removed.
- Signage must be placed at all entrances that states the following "Only one (1) customer allowed inside at any one time."
- The facility must comply with safe food preparation and handling practices or any other standards. There must be an adequate supply of toilet paper, paper towels and hand soap for employees and cleaning and sanitizing chemicals for the surfaces and equipment.
- **Please remember that this action is being taken to prevent the spread of COVID-19 and our success is dependent on community cooperation and compliance with social distancing including the one (1) customer policy enforcement.**

Please check the Bristol Burlington Health District website for updated information at <https://bbhd.org/>

**Thank you for your cooperation during this difficult time. 3/19/2020**
